

April 12, 2022

All Pro Security is pleased to announce that we are the recipients of the prestigious 2022 Best of State Award.

Best of State recognizes outstanding individuals, organizations, and businesses in Utah. Nominees are judged on three criteria:

- Excellence in their endeavors
- The use of innovative approaches or methods
- Contributions to a better quality of life in Utah

Since its inception, All Pro Security (APS) has been a leader in the security industry and has achieved rapid growth. APS is a local, small business that competes against many national firms. Because we are local, we have been able to create personal relationships with our clients and provide them with excellent services, and we are able to meet their unique and individual needs. Our number of satisfied customers has continued to grow and has exceeded our expectations.

Our company has expanded our services for our clients to include the following: static guards, mobile patrols, alarm responses, security cameras and camera trailers, dispatch center for monitoring alerts, private probation, private investigations, constable services, court process service and dignitary protection. More expanded services are planned for the future.

APS often hires off-duty and retired law enforcement officers, veterans, enrollees, and graduates from Utah's Police Academy (POST), and many other qualified individuals that exhibit strength, professionalism, and discipline. We are grateful for our team and appreciate their efforts and their dedication to serving our clients and the community.

APS has been the recipient of Utah Valley's fastest growing company award two years in a row. In addition, we are listed as one of the top employers in our area and were named on the INC 5000 list for fastest growing companies.
